Did you mean: *target databases records validation rules*

[APPLICATION] Two-stage data validation and mapping for database access

US Pat. App. 10595379 - Filed Mar 24, 2005

However, if the target data across the multiple databases is dynamic, ...
record (thereby validating the input data) or no matching records (requiring the ...

[APPLICATION] Two-stage data validation and mapping for database access

US Pat. App. 10/828,575 - Filed Apr 21, 2004

However, if the target data across the multiple databases is dynamic, ...
record (thereby validating the input data) or no matching records (requiring the ...

System for assembling large databases through information extracted from ...

US Pat. 6052692 - Filed Jul 2, 1996 - Harlequin Group Plc

To illustrate this point, in the preferred 20 embodiment, the target ...
process records the character positions of the start and end points of each text ...

System, method and article of manufacture for cross-location registration in ...

US Pat. 6081518 - Filed Jun 2, 1999 - Anderson Consulting

Classification of the data records to extract useful information is an ...
into Structured Query language (SQL) statements used for accessing databases, ...

Computer database system and method for collecting and reporting real estate ...

US Pat. 6633675 - Filed Dec 30, 1999

The browser interface allows clean up of data records so that they can be ...
Tables 370 and 380 describe the validation rules for the 45 target rent ...

Remote demonstration of business capabilities in an e-commerce environment

US Pat. 6345239 - Filed Aug 31, 1999 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ...
and/or (3) organized into a summary of the target database, as in predicting step ...

System, method and article of manufacture for implementing a hybrid network

US Pat. 6611867 - Filed Aug 31, 1999 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ...
and/or (3) organized into a summary of the target database, as in predicting step ...

Synchronization of plural databases in a database replication system

US Pat. 7003531 - Filed Dec 10, 2002 - Gravic, Inc.

Note that this restriction may not be valid for partitioned target databases.
(3) Previously described schemes can ignore loading data 15 outside the range ...

Service level management in a hybrid network architecture

US Pat. 6556659 - Filed Jun 2, 1999 - Accenture LLP

Such a search system permits searching across multiple 5 databases. ... and/or (3) organized into a summary of the target database, as in predicting step ...

IP/telephony user interface for a hybrid communication system

US Pat. 6764303 - Filed Jun 2, 1999 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ... organized into a summary of the target database, as in predicting step 55 2006. ...

Patents Showing: Patents 1 - 10 on target databases records validation rules. (0.2
Sort by relevance | Sort by date (new first) | Sort by date (old first)

Computer database system and method for collecting and reporting real estate ...

US Pat. 6633875 - Filed Dec 30, 1999

The browser interface allows clean up of data records so that they can be ...
Tables 370 and 380 describe the validation rules for the 45 target rent ...

System for assembling large databases through information extracted from ...

US Pat. 6052693 - Filed Jul 2, 1996 - Harlequin Group Pic

Where a value can also be validated under the attribute value validation rules
described below these values are also placed as the attribute value on the ...

[APPLICATION] Two-stage data validation and mapping for database access

US Pat. App 10595379 - Filed Mar 24, 2005

A system for querying one or more target databases for one or more target database
records, said system comprising: a set of reference-based mapping rules ...

[APPLICATION] Two-stage data validation and mapping for database access

US Pat. App 10/828,575 - Filed Apr 21, 2004

Asystem for querying one or more target databases for one or more target database
records, said system comprising: a set of reference-based mapping rules ...

System, method and article of manufacture for cross-location registration in ...

US Pat. 6081518 - Filed Jun 2, 1999 - Anderson Consulting

Top-down systems are also referred to as "pattern validation," ... of tools that
analyze large databases to extract useful information from them. ...

Synchronization of plural databases in a database replication system

US Pat. 7003531 - Filed Dec 10, 2002 - Gravic, Inc.

S. Scheme IE of the Present Invention This is basically a verification and
validation (V&V) scheme, as well as a 'resynchronization' of the target and the ...

Synchronization of plural databases in a database replication system

US Pat. 6745209 - Filed Aug 15, 2001 - ITI, Inc.

S. Scheme IE of the Present Invention This is basically a verification and
validation (V&V) scheme, as well as a 'resynchronization' of the target and the ...

Remote demonstration of business capabilities in an e-commerce environment

US Pat. 6345239 - Filed Aug 31, 1999 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ...
and obtain the reasons for the validation or invalidation. The validation step in ...

System, method and article of manufacture for implementing a hybrid network

US Pat. 6611867 - Filed Aug 31, 1999 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ...
and obtain the reasons for the validation or invalidation. The validation 45 step ...

Service level management in a hybrid network architecture

US Pat. 6556659 - Filed Jun 2, 1999 - Accenture LLP

Such a search system permits searching across multiple 5 databases. ... validate that knowledge, and obtain the reasons for the validation or invalidation. ...

IP/telephony user interface for a hybrid communication system

US Pat. 6704303 - Filed Jun 2, 1999 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ...
and obtain 65 the reasons for the validation or invalidation. ...

[APPLICATION] Computer database system and method for collecting and reporting real estate ...

US Pat. App 10644018 - Filed Aug 20, 2003

The browser interface allows clean up of data records so that they can be ...
[0245] Tables 370 and 380 describe the validation rules for the target rent ...

System, method and article of manufacture for element management in a hybrid ...

US Pat. 6707812 - Filed Jun 2, 1999 - Accenture LLP

The validation step in a top-down analysis requires that data refuting the ...
tools that analyze large databases to extract useful information from them. ...

System, method and article of manufacture for providing a customer interface ...

US Pat. 6195697 - Filed Jun 2, 1999 - AC Properties B.V.

A technique called data mining allows a user to search large databases and to
... the reasons for the validation or invalidation. The validation step in a ...

Parser translator system and method

US Pat. 6523172 - Filed Feb 19, 1999 - Evolutionary Technologies International, Inc.

An appropriate translation for a UNIX target environment could be specified ...
Candidates, validation and translation function identifiers are encoded in a ...

Rules database server in a hybrid communication system architecture

US Pat. 6542593 - Filed Jun 2, 1999 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ...
and obtain the reasons for the validation or invalidation. The validation step in ...

Typed, parameterized, and extensible access control permissions

US Pat. 6047377 - Filed Dec 11, 1997 - Sun Microsystems, Inc.

A file system permission has an 5 action attribute and a target attribute.
required for the validation methods which carry out the rules can vary. ...

Video conferencing fault management in a hybrid network

US Pat. 6426943 - Filed Jun 2, 1999 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ...
and obtain the reasons for the validation or invalidation. The validation step in ...

System, method and article of manufacture for demonstrating E-commerce ...

US Pat. 6427132 - Filed Aug 31, 1999 - Accenture LLP

Such a search system permits searching across multiple databases. ... or validate
that knowledge, and obtain the reasons for the validation or invalidation. ...

Knowledge management tool

US Pat. 6721726 - Filed Mar 8, 2000 - Accenture LLP

Rarely is the relevant information explicitly stored in the databases. ...

and obtain the reasons for the validation or invalidation. The validation step in ...

target databases matching records

Search Patents

Advanced Patent Search
Google Patent Search

Patents Showing: Patents 1 - 10 on target databases matching records. (0.12 sec)
Sort by relevance | Sort by date (new first) | Sort by date (old first)

System and method for generating a target database from one or more source ...

US Pat. 6389429 - Filed Jul 30, 1999 - Aprimo, Inc.

It is also within the scope of the invention to find all matching target database records for all source records before updating any of the data in the ...

Enterprise data movement system and method which maintains and compares ...

US Pat. 6029176 - Filed Mar 31, 1998 - BMC Software

29 illustrates use of the edition level values when a data propagation operation is initiated to one or more target databases. ...

System and method for aggregating distributed data

US Pat. 6148296 - Filed Dec 23, 1998 - ChannelPoint, Inc.

Fuzzy matching unit 401 serves to match relevant records using fuzzy ... Hence, the broker would not search the non-target carrier's database during the ...

Methods for importing data between database management programs

US Pat. 5966717 - Filed Dec 20, 1996 - Apple Computer, Inc.

The automatic matching process may be performed in accordance with some ... for this record and for all subsequent target records of the target database. ...

System, method, and product for dynamically aligning translations in a ...

US Pat. 6345244 - Filed May 27, 1996 - Lionbridge Technologies, Inc.

Thus, aligner finds matching source-target pairs and stores the information ... searching for data structures identified as merged source- target databases. ...

System, method, and product for dynamically propagating translations in a ...

US Pat. 6345243 - Filed May 27, 1996 - Lionbridge Technologies, Inc.

Thus, aligner finds matching source-target pairs and stores the information ... searching for data structures identified as merged source- target databases. ...

Software, method and apparatus for efficient categorization and ...

US Pat. 6195657 - Filed Sep 25, 1997 - Imana, Inc.

The method of claim 1 wherein said object records are identifiers of people. ... in said target categories; assigning each of the matching category records ...

Classification of data records by comparison of records to a training ...

US Pat. 5251131 - Filed Jul 31, 1991 - Thinking Machines Corporation

The values appearing in the target data fields of the nearest matching ... Certain databases, such as the census return database discussed herein as an ...

Method for recording user interaction with a computer database to generate ...

US Pat. 5442786 - Filed Apr 26, 1994

The method of claim 5, further comprising the steps of: said system searching said data base for records which have a target field matching the source field ...

[APPLICATION] [Two-stage data validation and mapping for database access](#)

US Pat. App 10595379 - Filed Mar 24, 2005

Again, if one or more matching records are found, one of these records is ...

A method for querying any of a plurality of target databases for one or more ...

[Method for resynchronizing secondary database and primary database with ...](#)

US Pat. 5469503 - Filed Oct 14, 1993 - Aspect Telecommunications Corporation

The invention has now been explained with reference to specific embodiments. ...
a primary computer means with a primary database means, a secondary ...

[Medical record forming and storing apparatus and medical record and method ...](#)

US Pat. 6304848 - Filed Aug 13, 1998 - Medical Manager Corp.

The medical record 15 also includes additional secondary 5 text 18 ... The matching
step preferably includes providing a knowledge database 55 having a ...

[In-memory database system](#)

US Pat. 6457021 - Filed Aug 18, 1998 - Microsoft Corporation

The key entry can be either a primary key for the record or a secondary key ...
the IMDB manager pre-loads entire tables of database records into shared ...

[System and method for managing a transaction database of records of changes ...](#)

US Pat. 6094600 - Filed Feb 6, 1996 - Fisher-Rosemount Systems, Inc.

29 When the secondary FMS system 46 connects to the primary FMS system 10 at ...
was reconciled with the primary FMS transaction database 200, a matching ...

[Database system with improved methods for storing free-form data objects of ...](#)

US Pat. 5991776 - Filed Jun 21, 1996 - Inprise Corporation

(b) Primary Index (key) 5 The system organizes the records of a keyed table according
... Secondary indexes can also be used in linking database tables (as ...

[System and methods for data field management in a computer database system](#)

US Pat. 5561793 - Filed Aug 18, 1993 - Borland International, Inc.

10 (logically) the database file records in some desired order (index expression).
... 30 (c) Secondary Indexes In addition to specifying a primary index or ...

[Method and system for performing record searches in a database within a ...](#)

US Pat. 5781897 - Filed Apr 18, 1996 - International Business Machines Corporation

When searching for the matching records, each invention; and every record in the
database table must be read and so FIG. 3 is a block diagram of a search ...

[Referential integrity in a relational database management system](#)

US Pat. 5745896 - Filed Mar 8, 1996

(c) Secondary Indexes In addition to specifying a primary index or key for ...
make the same change in all matching foreign key records of the child table. ...

[Automated interactive classified ad system for the internet](#)

US Pat. 6253188 - Filed Sep 20, 1996 - Thomson Newspapers, Inc.

As in the case of the primary selection parameters 60, secondary ... indicate their
sequential order after the primary selection parameter field reference 1 ...

Information management, retrieval and display system and associated method

US Pat. 6484166 - Filed Sep 27, 2000 - Evresearch, Ltd.

A tertiary level is utilized to divide up the primary and secondary levels ...

As shown in functional block 56, the relevant database records found in the ...

Patents 21 - 30 on primary database secondary database referen

Sort by relevance | Sort by date (new first) | Sort by date (old first)

[APPLICATION] Method and system of external data storage

US Pat. App 11055681 - Filed Feb 11, 2005

Oct. 27, 2005 [0090] The composition of a primary database table 11 in the ...
3) in a database stored on each of the secondary mass storage devices 9, 10. ...

Generation and validation of reference handles in a multithreading environment

US Pat. 6185564 - Filed Jun 23, 1998 - Microsoft Corporation

After either decrementing the population (box 808) or if 20 the database expansion is ...
... If the primary list is empty, then the secondary list is indicated ...

Tokenless electronic transaction system

US Pat. 6366682 - Filed Oct 30, 1998 - Indivios Corporation

This database allows the DPC to perform a re-registration check on every new ...
to weed out buyers in the IBD who have matching records in the PFD. ...

Apparatus for and method of disambiguation of directory listing searches ...

US Pat. 6421672 - Filed Jul 27, 1999 - Verizon Services Corp.

Preferably, step 200 considers only those secondary information fields not
a plurality of records, each of said records including a primary key field ...

Apparatus and method for generating call duration billing records utilizing ...

US Pat. 5712908 - Filed May 17, 1996 - Unisys Corporation

The validation of the IAM messages is performed by matching the OPC, ...
The Secondary Point Code is the opposite point code of the Primary Point Code. ...

B tree structure and method

US Pat. 5813000 - Filed Mar 14, 1996 - Sun Micro Systems

If primary 25 memory were fast, nonvolatile, and cheaper, secondary storage ...
this data as the primary database and then make changes for specialty items. ...

Tokenless electronic transaction system

US Pat. 6594376 - Filed Apr 1, 2002 - Indivios Corporation

When Authorized Owner Database records or Valid Apparatus Database records are ...
... the buyer's primary and secondary biometrics are checked against each and ...

Text-classification code, system and method

US Pat. 7024408 - Filed Jul 1, 2003 - Word Data Corp.

Particularly where the system employs a word records database as described herein,
total processing time can be reduced to a few minutes or less. ...

[APPLICATION] Code, system, and method for generating concepts

US Pat. App 11049811 - Filed Feb 2, 2005

[0113] As shown at 74, a database of target-related texts is searched to ...
each pair typically containing one primary and one secondary reference, ...

System and method for providing patient status feedback via an automated ...

US Pat. 6331160 - Filed Oct 10, 2000 - Cardiac Intelligence Corporation

The database module 51, previously described above with reference to FIG. ...

The matching collected measures set 50 is identified in the patient care ...
